Harding...

A place, a spirit, a crowd, an event: all of these attributes unify into one tremendous amalgamation known as the "Harding Experience." The spirit that embodies the staff and students determines the experience that varies from year to year and from person to person. It changes with the arrival of a new generation while the departure of the veterans personify the school and gives promise to a constantly growing world. The experience of a senior is a conglomeration of memories and memorabilia collected over a very short but a very vast period of time. It is this that composes the being of a senior and it is also this that contributes to the debility of an underclassmen; it is a thing that must be earned and acquired not purchased or given. The experience is not just one activity but is many events. It is fall, winter, spring and summer sports; clubs, Student Congress, Talent Show, Journalism, the Spring Musical, band, choir and field trips. It is the development of social life and it is even the struggle to get homework in on time. For better or for worse, the experience is a mass of memories. Some of the memories are better left unremembered as others are of exalted caliber. They are memories comprised of a place, a spirit, a crowd and an event.

SCIENCE AND LAB

The ever changing subject of Science is taken by more students at Harding than any other school in East Allen County. Mr. Flinkinger said "It's because of the wonderful science teachers." But most take it because they find it interesting. Students like lab work because it gives them a chance to see things that they have never seen before and gives them a break from the everyday classrooms. Krista Heinzelmann feels that, "The labs are sometimes fun, but can be confusing. You can learn a lot and still have fun. "It's a lot better than taking notes."

Kathy Carey, Brad Campbell and Stacy Riley take an interest in how plants grow.

Dan Morris and John Sohn check out their plants in the green house.

PHYSICAL EDUCATION

The physical education department is headed by Mr. Scott and Miss Sheak, with the help of Mr. Frick and Mr. Goodin. There are a few different types of physical education classes. One is freshmen P.E., it is required for all freshmen. Body Building, which is for grades 10-12, with an emphasis on body conditioning, depending on the individual student needs. A constant testing and evaluation procedure to be established to measure the individual progress of each student. And lastly, there is advanced physical education for grades 10-12. Skills are evaluated through a series of skill tests and use of skills in game situations. Knowledge is evaluated through written rules, tests, or assigned papers.

MATH

In September one academic class was subject to an experiment. The class was taught differently than most. This class consisted of students, one teacher at Harding, a television, a phone, and one teacher at Ball State University. The experiment in which the class was part of was called "Television Instruction Project" (TIP). TIP is based at Ball State. Harding was not the only school who participated in the experiment. Anderson Highland, Muncie Burris, Frankfort, and Plymoth also participated. TIP was designed to determine how successful two way interactive audio instruction coupled with one way video could be. The students were very enthusiastic. Most of the class saw it to be a chance to do something new. Some students felt that their knowledge of geometry would be enlarged quickly and easily. After a few weeks of watching designed for a student lost interest. The class was designed for a student to call Dr. Avila if he/she had a question. Most students were scared to use the phone because they felt that their question would be laughed at by other students from other schools. A large majority of the students from all schools had low test scores. The results of the experiment showed that a geometry class is not the best use of TIP could be used to teach advanced levels of a science and (or) a foreign language. Or put to use in a school where there may not be a certified teacher available.

COMPUTERS

Computers, the new wave of the future, are being taught by Mrs. Leuenberger and Mr. Cole. The courses include computer literacy 1 & 2. During the first semester the students are on the apple and during the second semester the course is an introduction on the Wang.

The computer languages include basic and logo. There is a second class which includes computer programming 1 & 2. This course is taught entirely on the Wang in basic. "The best part of teaching computers is watching the reactions between the students and the computer," said by Mrs. Leuenberger. Some students have different opinions. For example Tara Whitt and Edward Marbury state "we think its fun just watching how a computer works and that all it is, is an advanced typewriter."

EXCHANGE STUDENT

Aud-Eli Nilsen was born in Norway, the youngest of two brothers and two sisters, she admits to being spoiled. "School is a lot easier here than back home," says Aud-Eli. At her school in Norway the day is much shorter and you are more on your own. One of her favorite courses here at Harding is Theatre Arts, taught by Mrs. Schmidt. Aud-Eli is involved in many extra curricular activities such as track, cross country, soccer, and campus life. She enjoys all of these very much and will miss doing them all, as well as close friends she has made here. She would like to return someday to attend college here in the states.

INDUSTRIAL ARTS

The Industrial Arts department is divided into 5 different types of classes. There are Metals, Drafting, Woods, Electronics and Graphic Arts. Woods is the use and safety of the machines like the table saws, wood lathe and band saws. Students also learn the assembly procedures of the various types of projects. Electronics is sodering, learning DC circuits which relates to the Ohm's Law. Students also try to repair or experiment with radios, T.V.'s, and clocks. Graphic Arts is basically the printing of letters using the photo-offset. The athletic sport programs were then printed by the students. Drafting is mechanical drawing using isometrics, gears and pulleys. The classes also designed floor plans, perspectives, elevations and foundations. Metals taught safety and uses of machines to weld and solder projects. Students worked with sheet metal, rolled steel and aluminum.

LANGUAGES

Guten tag, Hola, and Bonjour! are just a few of the phrases that are learned in German, Spanish, and French classes to say "hello". These foreign languages are an interesting part of a high school curriculum. In addition, field trips also provide a good learning experience for students. Spanish students attended a performance by flamingo dancers at the Performing Arts Center, while the French students visited the Watertower in Chicago. No matter which language a student is taking, he or she experiences the language as well as how to speak it.

GENERAL BUSINESS

General Business is directed toward student personal use. It is designed to give the Hawks an opportunity to learn about those techniques provide or benefit them in life. There are four classes in this area. They are: General Business, Accounting, a Secretarial, and clerical office programs. The accounting program is for those students who want a career in accounting. The Secretarial program is for those students interested in office jobs. The clerical course is for those who wish to do office work, but are not desired in enrolling in a shorthand class. "I learned the basic steps necessary for college bound students. It prepares one for college and secretarial work," states sophomore Heather Nobles.

Lynn Riley tries to keep up with the dictaion of the recording.

ENGLISH

Websters Dictionary defines English as "the established pattern of such behavior that offers substantial communication." But most kids define it simply as boring and difficult. English is required for all four years. During these four years you read several novels such as: "To Kill A Mockingbird" and "The Adventures of Huckleberry Finn." You also read several plays "Romeo and Juliet", "Julius Caesar", and "Macbeth." Besides the literature part of English you have Vocabulary and the ever so popular Grammar. Some find this subject very interesting but more are quoted of saying they'd rather sleep through the course.

NEWSPAPER

The newspaper staff and the Quote itself underwent many changes since last year. With the arrival of juniors and underclassmen, the staff looked forward to the new members' bringing new ideas and writing styles into the paper and proving to be responsible replacements for the seniors. With the new four page regular newspaper format carried over from last year, editorials, features, and news articles concentrated more on school activities and events. The newest change to the newspaper was that it was mailed to all the parents, a suggestion to improve school and parent relations. New staff members were: Scot Augustyniak, Kristi Nelson, Jim Yoquelet, Christine Merkeley, Danyelle Bryant, Randee Carey, Dan Prosser, Pat Martin, Kevin Cox, Tonya Guerrero, Sue Kim, Robert Davis, Nikki Ladd, Chris LeSeure, Julie Henley, Brian Hiltunen, Tina Lobsiger, and Photo editor, Tim Wehnert. Veteran members from last year include: Debbie Jacobs, Layout Editor Brad Brooke, Sports editor, Randy Henry, Features editor Denise Adamonis, News Editor Thom Dawson, Asst. editor Tracey Haworth, and Editor and Chief Mike Marker.

YEARBOOK

As annual deadlines drew nearer, Mrs. Schenlker's room becomes a scene of pandemonium. Typewriters click continuously for days, pencils scribble out rough drafts, and of course, the trash cans are filled to overflowing with ideas that just did not "come out right." For every one page that is completed at least three or four type sheets and two final layout sheets are "messed up". Finally, the book is completed and there is time to relax and enjoy the feeling of satisfaction gained from a job well done. Despite the agony of the "deadline rush", we made it through with the help of our editor — Jason Heredia, and section editors — Andrea Wood, Neil Campbell, Melanie Walters, Chris Custer, and Julie Dixon.

BLOOD DONOR DAY

On January 27, students, the age of 17 and older, were given the chance to give blood for American Red Cross. For some of the students it was their first time and for others it was another turn to save someone's life. It was quite an experience for all who participated including the student council members who annually hold the event. "Giving blood made me feel that I could be saving someone's life," stated Heather Nobles after giving blood. The student council helped out by making sure that after giving blood, students could walk to class by themselves or could sit up by themselves also.

The nurse carefully inserts the needle into the donors arm.

FOCUS ON HEALTH

STUDENT FOCUS ON HEALTH

With the help of 21 Alive and the Red Cross, the Student Council sponsored a new program, Focus on Health. The program offered the students a chance to learn about their blood pressure, heart rate, and stress rate. All the students seemed to enjoy it, even the Student Council Member who worked hard with the Red Cross during the program. Mr. Bonahoom felt that the program was very well organized. Gary Genth said he thought the emphysema test was very interesting. All the students hope they will have it next year.

The Boys Tennis Team had a very successful year. The team opened up the season with three tough losses to Columbia City, Bishop Dwenger, and Concotdia. However, the Hawks regained these losses by winning the next three against Bishop Luers, South Side, and Bellmont. With outstanding performances from Marc Reisgies, Mike Mead, and Mike Kim, they led the team to a winning season with eight victories, and six losses. By the time Sectionals came around the Hawks were ready and optomistic. With a score of 5-0 the team won their first match against Wayne. The Hawks second game was not as successful as the first. They lost to Homestead 0-5. "Although the team lost some close matches, I feel we competed well in the conferences," states Mike Marker.

Marc Reisgies aims with heavy concentration, ready to unload.

GIRL'S TENNIS

Although the girls didn't have a winning season, they lost several very close matches. "We used the year to gain experience and should be good next year," says Andrea Wood. They had a very young team this year, with only one senior and seven freshman. Along with those girls the team consisted of quite a few juniors, who filled the first three seats on the Varsity team: Jody Perkins, Penny Wehnert, and Michelle Riter. Jody gave the team a taste of victory after beating New Haven in a 3 hour long tie breaker match.

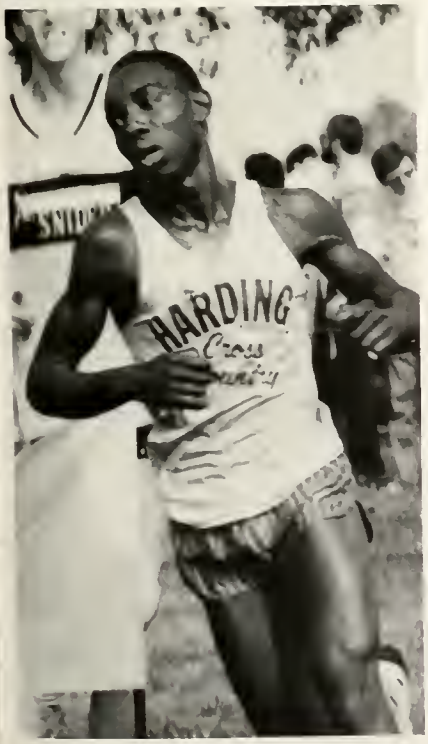
Cross Country



Shawn Wallace passes one of his opponents while on his way to the finish line.

Eli Nilsen one of our foreign exchange student's from Norway concentrates heavily on the cross country meet at Shoaff Park.

"We had a fairly successful year, and we broke even in our meets," quotes Mr. Yant (coach of Cross Country). He also commented that this year could have been better. "We need more underclass runners for next year." Shawn Wallace, Senior, said. "Due to the lack of running during the summer we were not prepared for the meets."

Tim Freeman and Virginia Graham were the best runners this year. Virginia stated, "our two toughest teams were probably Columbia City and Snider." Diane Heidewright, Senior, and Danyerta Stubbs, sophomore, proved to be excellent runners this year too.

The boys Cross Country team could have been more competitive if they had a fourth and fifth runner. Mr. Yant stated he was going to coach Cross Country for sure next year. He also feels some runners could have achieved better scores to compete in State Championships. The coach feels they could have achieved higher in the conference meets. He hopes next year will prove to be a lot more successful.

According to Coach Hockemeyer, volleyball in the Fort Wayne area was exceptionally good this year. The volleyball team team finished 13-12. The toughest wins were over Bishop Dwenger, Bellmont, and Carroll high schools. Coach Hockemeyer believes that Carroll and Bellmont were the most impressive games played againest the Hawks.

During sectionals the Hawks beat Blackhawk Christian but were later defeated by Bishop Luers.

Diane Topp, the volleyball captain, thought they did real well this year considering they were a young team, but she felt they could have been a lot better. All in all the season went well for the team.

Football

The football season was rather disappointing, although we did have a fine finish. The opening game fell to defeat to Bishop Dwenger with a score of 35 to 6. This season was one of the worst that Harding has ever had, their record was 3 and 8. When sectionals came, our Hawks defeated Blackford, then they tore down Belmont. After these two sectional wins, they lost to a very strong Logansport team. "Although we had a disappointing season, I felt the team did not have the dedication it has had in past years, but around sectional time we came together and pulled out a win," said senior Rolando Haywood. Making the all S.A.C. team this year were seniors John Banks for Defensive Lineman, and Harold Wims for Defensive Back. Both these seniors did an outstanding job. "I felt that towards the end of the season we came along well. Next year will have to be a year that everyone will just have to see about," states junior Jesse Booker. Congratulations Hawks, and the best of luck for next year.

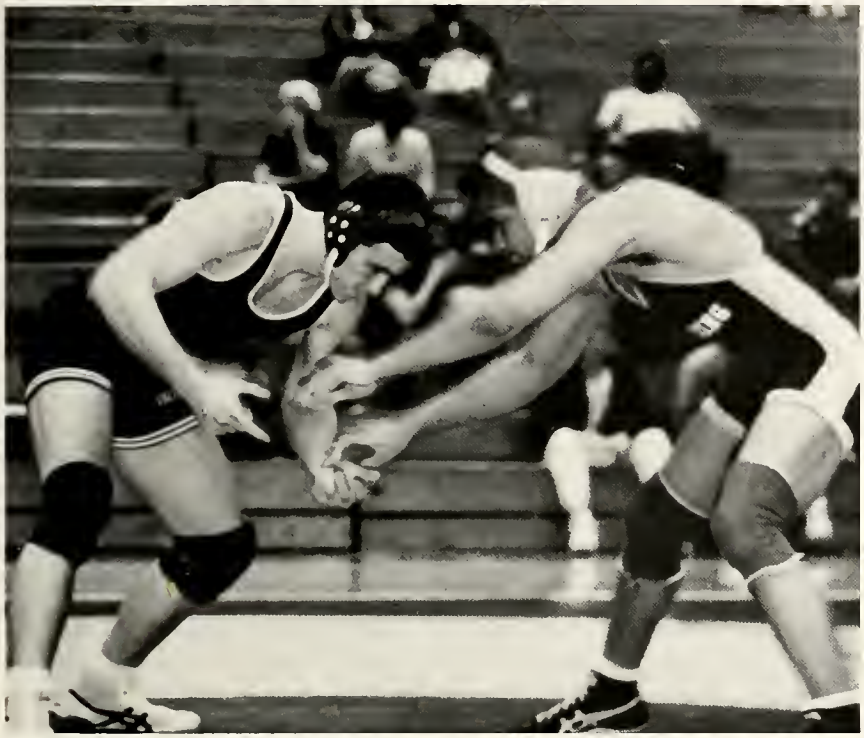
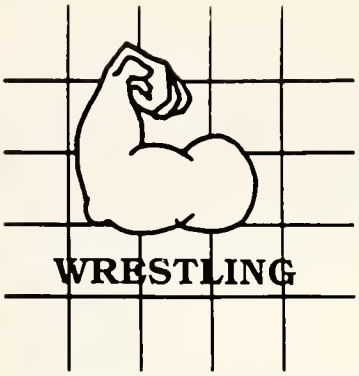
WRESTLING





The wrestling team got off to a bad start with a number of tough losses. The team suffered a lack of Seniors but a lot of freshman, Juniors Juan Barrantes did an outstanding job with a record of 27-5, and he also was a state qualifier. "If we can stick together for the next couple of years, we could be the best in our conference," said coach Craig Hissong. Five awards were given, and they went to the following people: Most Valuable player: Juan Barrantes, Mental attitude: Anthony Walker, Most Outstanding: Juan Barrantes, Most Improved: Greg Raines, Team Captain: Juan Barrantes. The wrestling team ended the season with a record of 1-8.

The 1986-87 boys basketball team was one of the most exciting teams ever to play at Harding H.S. The Hawks started the season with exciting wins over S.A.C. foes Northrop (76-63), North Side (75-49) and Bishop Dwenger (56-46). Guard, Duan Cole (who accepted a full N.C.A.A. basketball scholarship to the Creighton University) was a very quick shooting point guard and 6'9" center Craig Riley was scoring from the inside with many exciting dunks. Seniors Rolando Hayewood (who led the team in F.T. % and A assists) and Robert Davis, Jr. often scored in double figures and complimented the other varsity players. Sophomore, Jason Edwards and later Harold Wims were inserted into the starting line up and played very effectively.

Coach Frick said, "The first half of the season the 86-87 Hawks were as tough as any team Hardings put on the court. However by February the loss of Senior Syl Golden was evident as opponents started to gear their defended toward Riley and Cole." After defeating North Side in the sectional 59-42, the Hawks were beaten by Snider 50-46. The season ended with 15 big wins against only 7 losses. The students won't soon forget the 86-87 Hawks. With Mr. Copeland on the loud speaker, the band playing and the kids cheering, our Hawks were 9 and 1 at home.

To all the varsity players the student body and the faculty want to say "Thanks for the exciting plays all season long."

GIRLS BASKETBALL

The Girls' varsity basketball team had a record of two and fifteen. They played only two seniors and two juniors the rest of the team consisting of sophomores and freshman. "Obviously we wanted to win more games, but I am totally discouraged. Most of the time we played very aggressively with mainly sophomores and freshman. Depending on the amount of work the team will do during the off season, I think next year will show a marked improvement," Coach Hockemyer said. The reserve team had a seven and eleven record this year, Improving from past years. All of the games won had only a two to seven point margin between the scores. "The J.V. girls team showed continual improvement all season. They learned that by playing hard the whole game, they were able to stay close to every team. The J.V. team improved from last year and next years team will be expected to better this years record," stated coach Kline, reserve coach.

The Freshman take a time-out to revise their game plan.

BOY'S TRACK

When Springtime rolled around our boys track team headed to Culver Military Academy with one of the smallest teams we've ever had and Grandily won over Culver and Snider for the second year in a row. The team was rather incomplete with a lack of the consistent hurdlers and weight men that we had last year. And with the early season injury to Darryl Jackson there was no one placing in either hurdle event. The Season started declining when the first loss came to Bishop Dwenger in a triangular meet with Dwenger and Luers. After that came a low placing at the North Side Relays, a loss to Wayne in the Wayne/Snider meet, and our first loss ever at the Harding Invitational to Homestead. But the team was back on it's feet after winning the New Haven Invitational. Despite team troubles there were many exceptional individual accomplishments. Tim Freeman had the citys best time in the two mile going into the sectional meet. Shawn Wallace had the second best 800 meter time and Jamie Johnson was one of the top high jumpers in the area. This trio were the ones to shine for us at the sectional meet with Freeman and Wallace both winning their respective events and Johnson placing third in high jumps. It wasn't so easy in Regionals a week later. Both Freeman and Johnson were eliminated at this level. Wallace eliminated at this level. Wallace, however won the 800 meters with a new school record of 1:54.

Faculty

Through the 1986-87 school year the students have seen many changes in the staff. The biggest change of the year was the addition to the head men here. Mr. Neal Brown was promoted to asst. principal with Mr. Griffith. Students, at the start of the school year were aided in the nurses office by Mrs. Carey the new nurse. The staff was without the Art teacher, Mrs. Brockemeyer but was soon replaced by Mrs. L'Doure. As the school year came to an end, the guidance counselor, Mr. Mader announced his retirement here at Harding. The staff will lose a few good members this year, but will be gaining new and promising teachers for the 1987-88 year.

BAND Shares The Spirit

This has been a fantastic year for the Paul Harding Marching Hawks. Reaching over one hundred members in the marching program, they practiced everyday and every other night during the summer. For additional practice for State Fair, they went to Smith Walbridge Band Camp for a week.

Receiving awards in every parade or competition they participated in, the highlight was attaining fourteenth place at the Indiana State Fair Band Day, the highest ranking ever for the band.

"Without the efforts of all the members of the band and corps, these awards and recognitions would not have been possible," said Mr. Schmidt, band director.

"In the four years that I've been in the band, this year has been one of the most exciting, in attitude and performance both," stated the drum major, Shannon Jones.

Some of the band members came from other schools. It's very hard to come to a different band program, as Bryan Noll, a freshman band member said, 'It was hard coming from a different school than the other freshman, but the band members made me feel welcome and a part of the band."

In addition to all the other competitions, the band went to ISSMA (Indiana State School Music Association) and by getting a first division rating in the District Competition they moved on to Regionals getting a second division rating.

The band performs their ISSMA Show at half time during a football game.

POM-PON & FLAGS

Swing To The Beat!

Since being chosen last spring the Corps have put in numerous hours in practice and performances. They performed during the summer with the band marching in parades and field competitions. In the winter the Corps took time practicing and perfecting their basketball game half time shows. The Captains for the Drill Team are Senior, Claire Martinez and Junior, Kathryn Sappinfield. Senior, Robin Link and Senior, Becky Chandler are the Flag Corps captains. During the summer the Corps spent two exhausting weeks at camp. One week was spent learning new original routines to incorporate into their dances. The second week was spent with the entire band perfecting the State Fair show. The Varsity Drill Team members are Brenda Hardy, Karen Clayton, Lisa Reynolds, Amy Egly, Julie Dixon, Wendy Clark and Susan Reidenbach. The Reserve Drill Team members are Joy Radford, Tina Artoux, Cristina Riegling, Kim Giradot, and Jenny Bandy. The Flag Corp members are Becky Wickert, Debbie Schultheis, Vickie Keeran, Diana Skimos, Michelle Wanders, Mara Zapp, Jenny Phillips, Doris Schmidt, Tammy Nahrwold, Debbie McKee, Heather Hillman, and Jo Ellen Weaver. Throughout the year the Drill Team and Flag Corps have displayed great school spirit. From marching in the mud and rain to giving hours for perfecting routines. They have openly supported all of the school teams and activities.

The Pom-Pon Corp waits patiently to perform.

RHYTHM EXPRESS

What a year! As the Rhythm Express gave many fantastic performances, the year has come to an end. The group traveled to many other schools, nursing homes, and contests. Although a small group, the Rhythm Express was accepted into a national competition Showstoppers Invitational, much time and practice was given from all the participants as the big day for performing arrived. On a cold afternoon, the Rhythm Express packed for the big trip. They traveled to the windy city of Chicago and dazzeled a large audience with their energy and excitement. They placed twelfth out of fifteen. The competition for them was very difficult. This year the group will lose five people. It has been a busy year, but meeting people, traveling to different places, and performing has made for an unforgettable and enjoyable year. Along with the Show Choirs' performances the Acapella, Madrigal, and Concert Choirs have gone to the Embassy Theater to perform. Pictured above are: First Row — Jon Osborn, Jose Luna. Second Row — Kathryn Sappenfield, Jill Lohman, Sharon Michnay, Cathy Carlin, Julie Henely, Hyun Chu Chang. STUDENT CONGRESS

Decisions To Be Made

Student Congress has acted as a coordinator of activities; as a large year-long committee it is responsible for many of the events during the school year such as Homecoming. Some of the other activities presented were Blood Donor Day, State Developmental Center Chrismas Party, the Can Drive, Focus on Health, Spirit Week, Class Tourneys, the prom, and various dances.

Homecoming, a big event not only for students, but also for the Student Congress, consumed a major portion of time during the beginning of the year as ballots for Homecoming Queen needed to be tallied, and the Congress, with the aid of certain students, spent a laborious night decorating the halls.

Blood Donor Day, the state Developmental Center Christmas Party, and the Can Drive during Christmas, were the major charitable events accomplished. Blood Donor Day flowed through the school day quietly, while students and other members of the community left the Red Cross with a considerable amount of the much needed blood. Student Congress went to the State Developmental Center on Saturday, December 13. Mr. King, a Student Congress advisor, remarked "I've seen a few people change their attitudes on life 180 degrees after going to one of the Christmas Parties." The can drive, the third event, had students out collecting cans door to door, and some teachers giving extra credit for cans.

Focus on Health and the Spirit Week during Homecoming and Basketball Sectionals, were huge endeavors presented primarily to motivate the students and break up the monotany of the school routine. Overall Student Congress' responsibility is to uplift school spirit and increase the motivation that is needed to keep the Harding individuality alive.

PRE-GRADUATION

At the close of each year sports awards are given to outstanding senior athletes. To receive a senior blanket award the athlete must have seven varsity letters, be active in sports during his or her senior year, and be in good academic standing. The senior blanket award is the ultimate award given to an athlete; its purpose is to encourag the athletes to participate i more than one sport.

This year six senior blanket were given. The highest awar given in the athletic program i the "Most Outstanding" awar given to one male and one fe male senior athlete.

Harold Wims, Mike Marker, Melissa Lamont, Siane Topp, Shawn Wallace, and Sylvester Golden receive their blankets.

ART CLUB

There are many fun activities in art, but it's not all fun and games. There is a lot of work to be done in one day. The basic classes did still lifes, such as drawing flowers, dolls, and antiques. They also did paintings, caligraphy and clay. Mrs. Overmeyer teaches the basic classes along with Photography which are offered to the ninth through twelfth grade.

Oil paintings, shade drawings and stenciling shirts are usually done in the advanced classes. Mrs. L'Homnebieu the new teacher at Harding, teaches the advanced classes.

Octavia Underwood carefully paints a beautiful scene.

Steve Wilson and Tina Lobsiger get involved in their roles.

DRAMA CLUB

The Drama Club, officially called THE CUE was an honorary dramatic society established to recognize and reward students involved in the areas of Theatre Arts which includes acting and technical theatre. Invitation into THE CUE was extended after a student had earned enough points in the two aspects of theatre while involved in the dramatic and musical productions at Harding. The perpetuation of THE CUE has not been ongoing since Mrs. Schmidt resigned as drama director in the Spring of 1985, and her vacated position has not been officially filled; therefore they have been no new members since that time. It is hoped that another official drama director will re-establish the Theatre Arts department at Paul Harding and rekindle a drama club of some kind.

SPEECH CLUB

Being in speech is a commitment that takes a lot of time and effort. Part of being one of the team members requires going to practice before and after and going to the meets at 7:00 a.m. on Saturday mornings. Trying their hardest the Speech Team has done very well this year. They have gone to several speech meets in the Fort Wayne area. Northrop, Southwood, Elmhurst and Dekalb are some of the school's where they have gone. The areas in which students participated in are Duo, Radio, and Poetry to name a few. The director of the speech team is Mrs. Raisa Schnelker. She has brought the team to its pinnacle. Melissa Krainess, president of the team, states, "Everyone needs to get self-confidence; one way is to learn to speak in front of other people. If you join the speech team, you can help build up your confidence. It's fun!"

FOREIGN LANGUAGES

The foreign language clubs were very active this year. Mrs. Ley (French Club), Mr. Lutz (German Club), and Mr. Kline (Spanish Club) were proud of the achievements the clubs have made.

The French Club sponsored the Sweetheart Dance on Valentine's Day, February 14 and used the profits to help pay for a trip to Chicago during Spring Break.

The German Club went Christmas Caroling and accompanied the Spanish Club on a ski trip.

The Spanish Club painted cultural murals on the walls in Mr. Klines classroom and went on a cultural trip to Spain which included stopovers in France and England.

AFRO-AMERICAN

The purpose of the Afro-American Club, states Mrs. Essix, "Is to develop International Communication ties between and amongst students of African ancestry". During Black History Month there were displays of African Ancestry and black leaders throughout the school. The club had many activities. They held the annual Fashion and Talent Show, went on a trip to various nursing homes and had a fund raiser for the Shawn Harris Scholarship, (which is awarded to an academically outstanding senior who plans to attend college.) The club also had their First Annual P.H.H.S. Afro-American Club ball. Mrs. Essix plans to make the club stronger as the years advance.

S.A.D.D. CLUB

The SADD Chapter has a new board of officers who are all sophomores. They are: president, Amy Pacheco; vice president, Diana Skimos; secretary, Heather Hillman; treasurer, Stacy Mitchell; public director, Heather Nobles, in addition they have a new sponsor — Mrs. Vanfossen. With the new officers and their new ideas, SADD plans on getting their point across on what SADD really means. They planned fund raisers and much needed support to show that drinking and driving is a big problem in today's high schools.

SOCCER CLUB

Even though soccer is only a club sport, there are many participants from Harding. One of them is Brian Noll, a freshman. "I really enjoy soccer, but I wish the school would sponsor it. There might be more people going out then." Many people think of it as a boys' sport, but there is a young lady who was brave enough to go out, Mandy Goodman.

HOCKEY CLUB

Hockey is not a school sponsored sport, but a lot of students play on other schools teams. For example Chris Turpchinoff is on the Homestead hockey team. "I've been playing for eight years and have been on the All-Star team for four years. I really enjoy playing hockey," stated Chris. Chris is also one of the ten scoring leaders with ten goals and fifteen assists and twenty five points all together. Even though hockey may seem easy, it is really difficult to be a good player.

MAT-MAIDS

The mat-maids help the wrestlers during meets. They clean the mats and give orange to the players not to mention keep up the wrestlers' spirits. It isn't all fun though. During home meets, they have to run the scoreboard and mop the mats. They also have to get all of the parents to sign in, so that the wrestlers can get extra points for their letter. Overall, it was a fun season for them.

MARINE BIOLOGY

October 31 through November 9 the Marine Biology students went to Key West, Florida for an educational and pleasure trip. Before they went to Florida the students were given book work and after each stop they made, they were given tests over what they had seen. The tests they were given were about the plant and animal life of the Keys in Florida. While they were in Key West they went snorkling and they camped instead of staying at a hotel. Mr. Flickinger states that "It's great fun! Students who have taken Marine Biology have felt its the most educational experience during their high school career." Before they came home the Marine Biology students stopped at the Epcot Center.

AUTO CLUB

"I liked it so much, I came back for another year." said Gene Fisher. Auto's had an excellent year. Students learned new techniques about how to take care of their cars. The last nine weeks students did bodywork. Another new fundamental that excited students was the new Alan Sester machine, which tests all internal functions on cars. Our school is very lucky to have this new machine. It is expensive and complicated to work, but not after one gets the hang of it.

CHEERLEADERS!!

The cheerleaders lead the pep block at games and cheer on the players. Freshmen, Reserve, and Varsity cheerleaders are the ones who lead the cheers. Although the cheerleaders may look like they are having fun out on the court or at football games they really practice hard to make the cheers look good and sound good. It is especially hard for the freshmen because they had little experience on what was going on. "Freshmen cheerleading has been alot of fun. It's a lot different from cheering at Village Woods. There is more responsibility and work involved but its worth it." said Cindy Hill, a Freshmen cheerleader. "You don't get graded on cheerleading it is just a fun but hard working activity, just like basketball and football. You can meet alot of people by being a cheerleader, but most people go out for cheerleading because they are good at it and love it." "I enjoy being on the cheerleading squad here at Harding because it gives me a chance to meet alot of people. It's a lot of work but the things we do are worth it." Kris Dafforn said after being on the cheerleading squad the three years that she's been at Harding. It's not all cheering that the cheerleaders do. They go to competitions, and sell candy and roses for Valentines, and Santa grams at Christmas time.

Homecoming

The rain stopped just in time for the opening ceremonies of our 1986 homecoming to get under way. As the semi-wilted floats made their way around the track, the crowd waited anxiously to see the court and the candidates for queen.

The first of the candidates to arrive was Chrissy Hess and her escort Tom Sawyer. The next to step out of her corvette was Amy Jackemeyer escorting her was Mike Marker. Following Amy came Monique Offut and Jamie Johnson as her escort. Finally came Cindy Smith escorted by Derek Thomas, she had no idea that at half time she would be crowned Homecoming Queen 1986.

When half time finally did come Cindy accepted the crown with her usual, enthusiastic smile from her former queen Kim Dafforn.

Powder Puff '86'

Upon entering the football field on the night of September 30th, fans heard deafening screams, as the girls' powder puff game commenced. Spirits were high and the tension mounted as the games began. Never before has there been such a colorful array of uniforms, ranging from hot pink to green and gold on the field.

Class Tourney

LET THE GAMES BEGIN!

"In comparison to the powder puff game, the class tourney turned out exceptionally well," quotes Michael J. Bonahoom. The class tourney occured on the night following the controversal powder puff game. Mike Baker a Campus Life representative MC'd the nights events. Among some of the zany competitions were the sock-n-the mouth run, balloon pop, wheel barrel race, the baseball bat run, and the all too rememberable chocolate pudding pig out. The sophomores took an early lead and kept it through out the games and held it to win.

A Piece Of Christmas

DICKENS' DINNER

As the curtain closed that night many people had become cheerful and ready for a joyous holiday season. The annual Dickens Dinner had enlightened many hearts of people.

Dickens took place December 10 and 11 at the women's club downtown. It was a new experience for the entire cast. In the past the event was always held in the school audeteria, but this year it decided to move up in the world. The change brought many different people together to become a part of the dinner theater.

Not only was the atmosphere different, but the play itself was a new style. The traditional early century was brought to life in the way of rap, rock, and country music. Depsite the changes the two evenings were extremely successful.

ON THE JOB

Students at Harding have gotten jobs for many reasons. They range from car payments to saving for college but the most common reason is just to have spending money — of course. There are many varieties of jobs for students in Fort Wayne. To name a few Harding, alone, has a shoe salesman, a photo associate, and many fast food workers. Teachers at Harding seem to agree that students are well off in taking jobs as long as they don't interfere with school activities. Extra-curricular activities such as plays and sports can be hindered by jobs unless you are fortunate enough to get time off. Having a job has its ups and downs but many students have decided to work because it's an exciting and fun-filled experience.

LIFE WITHOUT COMMONS

Life with no commons is what Harding students face everyday but still the spirit reigns. The commons was a place for students to gather with their friends and share the joys and triumphs of the day. Now the students have had to find a new place to congregate or just to show their energetic spirit. Where have they gone? They now meet in the lunch room to talk and pass on the days events, gather in the halls, and go all out crazy at the pep sessions. The students have found their own ways to get around the obstacle of not being permitted in the commons and the obstacle does not halt the spirit these students feel.

A lot of time and effort goes into the Talent/Fashion Show every year and this year was no exception. Afro-American Club members spent long hours after school in preparation for a successful show. A relating theme, "Dreams Can Become A Reality," was chosen by the A.A.C. sponsor, Mrs. Essix. The articulate yet simple scenes for the show were constructively centered around this theme. The music for the show was a combination of music from past and present. Mrs. Essix shared some of her feelings with us. "Being sponsor of the A.A.C. has been a great challenge for me, very enjoyable and educational. Due to the support of the *club members* and *parents* backing, we have had a successful year." The proceeds of the show go toward two Shawn Harris scholarships.

The "Shades of Ebony" capture the hearts of all as they perform on stage.

ANYTHING GOES

Harding Stage was transformed into a cruise ship for the play "Anything Goes". The play was set in the 1930's as a various list of guests were traveling to London, England for different reasons. These reasons clash and conflict with each other, thus consisting of the plot. The night of the play was a concentrated feeling of sincerity that had not been present during the practices. Play night especially proved enjoyable to the audiences as they laughed at the antics of Moonface Martin, public enemy number 13, played by Joe Sumpter, and relaxed to the fantastic night club singing of Reno Sweeney played by Senior Jacey Frazier. The play was full of talented students and was given a standing ovation all three nights the production was put on.

JUST YOU AND I . . .

Prom 1987

With well over 300 people in attendance, the 1987 PROM got under-way on May 16 at the Fort Wayne Botanical Gardens. As usual the junior class presented this annual event. The theme was chosen as "Just You and I", with lavender and ivory as the colors and an emblem of two swans drawn by Craig Riley. In addition to the natural surroundings of the gardens, the neighboring terrace was also rented, providing an evening under the stars. The junior class, with funds provided by their successful freshmen fundraiser, were able to boast a 75 lb. swan ice sculpture carved by the Fort Wayne Hilton. A lot of hard work was exhibited by the prom committee consisting of Beth Day, Mike Evans, Jason Heredia, James Radabaugh, Grant Williams, Penny Wehnert, and Todd North. Junior class sponsor Mr. Flicknger stated, "I think this year's prom went over extremely well and I'm very proud of the effort shown by the juniors."

TOMORROW'S SUCCESS BEGINS TODAY!

Graduation 87

"Tomorrow's Success Begins Today," it was under this banner that the Class of 1987 graduated from Paul Harding High School. This year's ceremony consisted of the Acceptance of the Class by Dr. Benway, speeches by student congress vice-president, Cindy Smith and senior class president, Brian Hiltunen. The commencement also featured an original composition written and sung by choir member, Julie Henley. These students were also joined on stage by the Valedictorian, Andrea Eisert, and Salutatorian Kelly Arnett. Mrs. VanFossen expressed the feelings of many by saying, "Graduation was the culmination of four years of hard work, but it also symbolized the beginning of a bright future for the Paul Harding students."

"SERVICE FOR OUR CUSTOMERS IS OUR MAIN PRIORITY"
VERA McVEA--SERVICE REPRESENTATIVE

To the Harding High School Graduates. . .

May the road rise up to meet you,
May the wind be always at your back,
May the sun shine warm upon your face,
And the rains fall soft upon your fields,
And until we meet again,
May God hold you in the palm of His hand.

Lift every voice and sing
Til earth and heaven sing,
Ring with the harmonics of
Liberty.
Let our rejoicing rise
High as the listening skies
Let it resound loud as the
Rolling Sea.
Sing a song full of the faith
that the dark past has
taught us,

Sing a song full of hope
that the present has brought us,
Facing the rising sun as
Our new day begun
Let us march until victory
is won.

The End

When the year is over, the tears shed from commencements, the glasses kept from prom, the letter from athletics, and a program from the musical will be the last drops in a now full bucket of water. As any play, movie, literary work, or any project must come to an end, so must this project. Any such lenghty endeavor takes determination, dependability, and devotion to get accomplished. Four years of high school is another achievement that needs these traits, and when that project is over a new one will begin. The beginning and ending serve importantly as marks to inform us that time is passing. Each mark is another drop in that proverbial bucket.

Many students look forward to the time of graduation so that they can go on with their lives and gain the independence they have fought so long for, as others just want to leave behind old hassles and old grudges. Many want to leave footprints in the pavement for others to remember whether they are bad, good, or confused footprints. These footprints are recorded here . . . in the form of a place, a crowd, a spirit, and an event.

Kim Chatfield and Karen Clayton wait for their results from their last performance.

Performing their State Fair show, the band entertains the crowd.

Syl Golden takes it to the hoop.
